8 x 2 x 8

## NB

**Please note the refereeing format is very different to what we've done previously: This year the first name team will provide the wet side referee for the game immediately after the one they've just played. The second name team will then provide the Dry side referee and a time keeper for the next but one game. This is because we can no longer gain access to the pontoons from the shopping centre. We appreciate the changeover is going to be tight we therefore urge all teams to keep celebrations to a minimum and to be on time for their allocated duties.**

**The competition will run on time if teams support this request.**
